Security Package 1 – Essential Monitoring for Small Businesses

Who Are We?

Comsec opened its doors in June 2007 and is proudly based in Camrose, Alberta. Our experienced team includes a main technician with over 40 years of expertise and another with over 15 years. As the demand for security grows, we are training additional technicians to meet the needs of our clients.

Comsec is a proud distributor of GeoVision surveillance equipment, known globally for its city surveillance success in Europe and award-winning quality. We also use DSC hardware for alarm systems to ensure reliable security solutions.

Our portfolio includes securing Domino's Pizza locations in Edmonton, Camrose, Leduc, Sherwood Park, and Fort Saskatchewan, as well as liquor stores, fast food outlets, car dealerships, and more.

To meet the growing demand for affordable and effective security, Comsec has developed two customizable packages specifically designed for small businesses.
